Continuation of 2. NOTE: Although the new limitation "employing a linear interpolation filter" to claim 6 was cited in its dependent claim 9, claim 9 was considered with other limitation. In other words, the amended claim now covers a scope between the original claims 6 and 9, which is a new issue that requires a new consideration. Moreover, a cursory review of the prior art reference cited against the claim (US 5,732,107)shows that it further teaches using "linear interpolation filter" to a sample range. See col. 8, lines 31-58.
